SUMMARY

Dedicated and ambitious IT student actively finding opportunities to apply academic knowledge and technical skills in real-world settings. Eager to contribute to the field of software development, seeking a job to enhance programming abilities and gain hands-on experience.

EDUCATION

BTECH | SASTRA DEEMED UNIVERSITY

June 2025-Ongoing

- Computer Science Engineering
- CGPA : 7.1168

HSC | SAIRAM MATRIC HR SEC SCHOOL

Mar 2020

- Percentage : 80.66

SSC | NEW BHARATH MATRIC HR SEC SCHOOL

Mar 2018

- Percentage : 92.8

TECHNICAL SKILLS

Programming	Java, Python, JavaScript(Basics) HTML, CSS(Basics)
Development	ReactJS, Django
Tools	VSCode, IntelliJ, Jupyter Notebook

PROJECTS

Deep Learning

Paddy Leaf Disease | python, keras, Tensorflow, flask

Mar 2024

- Developed a system integrating deep learning models to accurately classify diseases affecting paddy leaves.
- Achieved a classification accuracy of 99 % through effective model training and selection processes.
- Built a Flask-based web app that allows users to upload paddy leaf images for instant disease identification, enhancing real-time diagnosis capabilities.

Web Development

Notes Taking Web application | HTML, CSS, ReactJS, Django

Feb 2023

- Developed notes-taking app using Django
- Developed a backend to handle note data and user authentication securely.
- Integrated the React frontend with the Django backend for seamless communication and a smooth user experience.

WORK EXPERIENCE

Java Programming Intern

June 2024 - July 2024

CodSoft | Online

- Implemented Java programming tasks, utilizing object-oriented programming principles for efficient coding and debugging techniques.
- Developed proficient skills in Java programming and enhanced problem-solving abilities.

ACHIEVEMENTS & CERTIFICATIONS

- C Programming - Bharathidasan University
- Java(Basic) - HackerRank
- Problem Solving(Basic) - HackerRank
- Gold Badge For java -HackerRank

LANGUAGES

- Tamil
- English
